# Sustainable Procurement Policy

## Statement of Company Policy of Sustainable Procurement

*SILOTANK is a leading design and manufacturer of GRP & Thermoplastic Tanks & Process Vessels, GRP Covers, GRP Pipes as well as providing turnkey air abatement technologies. Our sustainability objectives To balance economic objectives with social and environmental stewardship. In order to meet these Objectives we shall engage the support of our supply chain.*

*The policy of the company is to:*

Develop partnerships and work collaboratively with our supply chain to provide whole life cost effective solutions that are aligned to our sustainability objectives and that our of our customers and other priority stakeholders.

Develop and Implement within the company a 'Sustainable Procurement Plan' which will facilitate:

- Identify high impact product groups and services, and apply measures to minimise the environmental impact of these products and services;
- Assess and educate our supply chain partners for safety, welfare, environmental impact, commercial, quality and ensure they are practicing ethical sourcing and purchasing.

To assist our supply chain partners to encourage innovation and cost reduction.

To work with our supply chain partners to communicate and educate them in the minimum standard of environmental legislation that we expect which will ultimately result in an improvement in their environmental performance.

Ensure that the waste produced as a result of their manufacturing process is minimised by reducing use, re-using and sourcing recycled products.

Encourage the use of energy efficient processes and materials so as to minimise their carbon footprint.

Consider and promote the use of local suppliers and employ from local communities where possible.

Management are responsible for ensuring that this policy is communicated and understood at all levels in the company.

It is every employees and supply chain partners responsibility to support the implementation of this policy so that we all remain responsible for our actions.

Success in implementing this policy shall be achieved through leadership, communication, review and reporting. Performance objectives will be set in key areas as a focus for continual improvement.

***The Company is committed to the continuous improvement of its Sustainable Procurement management systems.***

***Signed on behalf of Silotank Board of Directors***
